

WORD OF THE GENERAL DIRECTOR

It is with immense joy and a deep sense of gratitude that I wish you welcome on the official website dedicated to the celebration of the sixtieth anniversary of the public treasury.

Indeed, the Directorate General of the Treasury and Public Accounting celebrates its sixty-two (62) years of experience in the service of socio-economic development of the State of Côte d'Ivoire.

As a reminder, the Ivorian Public Treasury acquired its administrative jurisdiction from January 1, 1963, through the Decree No. 62-457 of December 14, 1962 stating the organisation of the Treasury services of the Republic of Côte d'Ivoire.

Thus, aligning itself with public policies and institutional reforms, the Public Treasury, responsible for financing the state budget, has gradually seen its field of competence expand.

In addition to its original powers of collecting revenue and paying expenses, the Public Treasury has seen its missions strengthened over the years, with, among other things, the accounting and financial management of Territorial Communities and National Public Institutions, the management of public debt including market debt, the supervision of the financial sector, the monitoring of financial relations with the outside and the management of the State's treasury.

Moreover, the celebration of this sixtieth anniversary is an opportunity to revisit our journey, to evaluate the achievements and to look towards the future. It highlights our contribution to the financing of Côte d'Ivoire's development plans, the modernisation of public services and the promotion of transparent and efficient financial governance.

Through this site, you will discover varied content: testimonials, archives, recent news, portraits of women and men who have kept this financial body alive, as well as an overview of the strategic perspectives that will guide our action for the years to come.

Beyond a simple celebration, this sixtieth anniversary is a moment of recognition towards all those who, through their work and dedication, have built and continue to cause the Ivorian Public Treasury to shine.

I invite you to explore these pages with interest and share with us this important milestone in our common history.

Welcome to the site of the sixtieth anniversary of the Public Treasury of Côte d'Ivoire.

AHOSSI Arthur Augustin Pascal

Director General of the Treasury and Public Accounting
Republic of Côte d'Ivoire
